

TELEGRAPHIC.

REGINA, August 25.

The estimates submitted yesterday were: Schools, \$107,000; public works, \$90,000; World's fair, \$5,000; small-pox suppression, \$6,500; liquor license expenses, \$5,500. License inns to be paid salaries.

The assembly has full control of \$193,000 of money voted by the federal government, an increase of \$40,000 over last year as a result of the resolutions of last assembly and exertion of the executive committee.

A vote of want of confidence, moved to-day by Betts, on the grounds that the executive committee has not acted fairly by Saskatchewan in leaving it unrepresented on the executive committee during Cayley's turn of office. Motion seconded by Mowat and will probably be carried by a majority of one.

LATER—The vote of want of confidence moved by Betts and seconded by Mowat, on grounds of ill-treatment of Saskatchewan was carried at 12.50 this morning, after a long debate, by the following vote: Yeas—Betts, McKay, Myers, Reaman, Mowat, Brett, Boucher, Prince, Cayley, Linehan, Davidson, Clinkskill, Jelly—13. Nays—Page, Knolting, Dill, Mitchell, Haultain, Tweed, Neff, Oliver, Wilkins, Campbell, Sutherland, Magrath—12.

Another motion that the executive committee had not the confidence of the house was moved by Cayley and seconded by Brett and carried on the same division.

WINNIPEG, August 25.

Gladstone was re-elected in Midlothian. Hartcourt was also elected.

Dr. Haultain, of Regina, who was reported, by the Leader, to be dead is alive and improving.

Yesterday there were 5,505 new cases of cholera in Russia and 2,659 deaths.

Francis Gladstone, nephew of the English Premier, is stranded in Detroit. He engaged in farming in the Northwest Territories, near Regina, and was ruined by his partner.

President Harrison has ordered a toll of 20 cents per ton on freight in transit to Canada through St. Mary's canal. It is not likely the Dominion government will retaliate.

CALGARY, August 25.

Lockley Lucas, anti-Chinese secretary of Vancouver, who was charged with attempted suicide, was acquitted.

Some roughs broke into the front of a Chinese shack here a few nights ago. The police are looking for them.

Troy Bell, 6 years of age, died of hydrocephalus Chicago, on the 15th inst., after 11 hours' agony. The boy was attacked July 11th by a large dog, which tore his face and throat in a savage manner. The wounds, however, healed rapidly, and nothing more was thought of the matter until three days ago, when the boy complained of being ill. In spite of medical aid he grew rapidly worse, suffering from convulsions so violent that it required the strength of several men to hold him in his bed. The Pasteur institute had declined to treat the boy, unless it was proven that the dog was mad.

METEOROLOGICAL.

Weather report for 8 days ending Thursday, Aug. 25th, 1892. Reported for the BULLETIN by Mr. Alexander Taylor, observer at Edmonton.

Thursday,	72	47
Barometer reading	30.02	29.884

LOCAL.

TRAIN ON TIME.

TWENTY-FOUR binders have already been bought in Edmonton.

THE court of revision was held last night. The report will appear in Monday's issue.

MR. AND MRS. GEO. A. SIMPSON are expected by to-night's train on a visit to Mr. Anderson.

THE hammer of the fire bell has been fixed. In future a quick toll will mean fire and a slow toll practice.

A GREAT number of blueberries and raspberries are being brought into town now, from 75 cents to \$1 a patent pail.

A DETACHMENT of N. W. M. Police arrived by Monday's train from Fort Macleod on their way to Fort Saskatchewan.

J. G. FITZGERALD came in by Monday's train to fix up a car for Toronto show with grasses, grain, etc., from this vicinity.

BUILDINGS are going up fast and keeping all contractors busy. Tenders are called for two new buildings in to-day's issue.

TENDERS are called for the police supplies. Everything seems to be wanted at Fort Saskatchewan and nothing at Edmonton.

THE CALGARY HERALD, in reference to our editorial on Chinese, considers the "EDMONTON BULLETIN" has struck the nail fairly on the head.

J. S. INGRAM arrived by Monday's train and saw a vast improvement in the town since he was here before. He came up on business and returned by Wednesday's train.

F. C. GILCHRIST, inspector of fisheries for the Northwest, and A. E. Johnston returned from Lac St. Ann on Monday, and left for Saddle Lake and Lac la Biche on Wednesday.

A LARGE number of delegates arrived by Monday's train from Dakota and different parts of Ontario. Most of them have gone towards Beaver lake to look up land in that district.

IT IS A pity this district did not get some notice that a car was to be fixed up for the Eastern exhibitions. It would have given a better chance to collect the best of everything.

WESLEY F. ORR, in a letter to the CALGARY HERALD, offers a town lot worth \$150 to any white person, who will erect, operate and maintain a good laundry on it, and employ any kind of laborer except Chinese.

THE FOLLOWING are the lengths of some of the grasses collected by mayor McCauley: Pea vine 6ft 6in, red top, 6ft 6in, blue joint 7ft, swamp grass 6ft 3in, timothy 4ft 5in, he also collected a few samples of grain, 2 rowed barley 4ft, wheat 4ft 2in.

WE HAVE news from a very reliable quarter to the effect that the government engineer has instructions to proceed this year to Edmonton to inspect and report upon the crossings, etc., of the Saskatchewan with reference to a bridge. If his report be favorable, which we have no doubt it will be, we may expect to see a bridge well under way next summer.

FOR SOME time past it has been a well-known fact that there was a thief among us, but it was not known who it was till Tuesday morning, at 2 a.m., when Arch. Cameron, night watchman, caught a man, named Nelson Polston, carrying lumber from J. Kelly's house into the bush. Cameron lay in the grass and watched Polston make two or three trips, then arrested him and handed him over to the police who kept him till tried next morning under the summary trials Act, and sentenced to twelve months' imprisonment at Fort Saskatchewan. Nelson Polston arrived here not very long ago in the uniform of the Salvation Army, and it was supposed he was going to start barracks here. Well! he has, but not the way we supposed. We wish no more of them.

NEW ADVERTISEMENTS.

LOST. A pair of slate colored pigeons. Any one returning same to the BULLETIN office will be suitably rewarded.

TENDERS—Sealed tenders for Presbyterian Manse will be received by Alex. Taylor, till noon, on Thursday, the 1st September. Plans and specifications can be seen at his office, Jasper Avenue, Edmonton, on Monday, the 29th August.

TENDERS—Sealed tenders for the erection of a Methodist Church will be received by S. S. & H. C. Taylor, till noon on Thursday the 1st September. Plans and specifications can be seen at their office on Friday, the 26th August.

Tenders for Supplies,

Northwest Mounted Police.

Sealed tenders, addressed to the undersigned, at his office, at Fort Saskatchewan, will be received, up to noon, of 2nd September, 1892, for the following supplies to be delivered at Fort Saskatchewan:

Approximate quantities 18,000 lbs Potatoes, fall and spring delivery.
 " " 150,000 lbs Oats, to be delivered as required.
 " " 8,000 lbs Bran, to be delivered as required.
 " " 25 tons Coal, to be delivered as required.
 " " 600 cords wood, dry, delivery to be completed by 3rd October next.

The Oats to be delivered in good sound sacks, which become the property of the Government.

Each tender must be accompanied by an accepted Bank Cheque, payable to the undersigned for an amount equal to 10 per cent. of the total value of the article tendered for, which will be forfeited if the party declines to enter into a contract when called upon to do so, or if he fails to complete the service contracted for. If the tender be not accepted the cheque will be returned.

Particulars of all contracts can be obtained at the office of the undersigned.

Separate tender must be submitted for each article.

Tenders must be mailed or delivered personally, the envelope containing same to be marked with the name of article tendered for.

The lowest or any tender not necessarily accepted. No payment will be made to newspapers inserting this advertisement without authority having been first obtained.

All timber dues collectable on wood delivered to be paid by contractor.

A. H. GRIESBACH, Supt., Commanding "G" Division, Fort Saskatchewan and District.

Dated at Fort Saskatchewan,
this 22nd August, 1892.

ARCHITECT.

WILLIAM S. EDMISTON,
Architect and Draughtsman.

GENERAL NEWS.

Four car loads of fat cattle left Medicine Hat for the Glasgow market last week.

The official figures of deaths from cholera in Russia on Tuesday, 16th inst., were 8,742.

The fastest mile ever trotted in Canada was done by the gelding J. B. Richardson, on Aug. 17, in Toronto. Time 2.17.

It is said the Indian government will send Gen. Sir Francis Roberts with a strong detachment to the Afghan frontier.

The world's record has been beaten for a mile trot by Nancy Hanks, at Washington Park, Chicago, when she did it in 2.07½.

There has been a good deal of cholera infantum and other bowel troubles in Calgary lately. The doctors report quite a number of serious cases. Since Friday last there have been at least four children's death and a good many serious cases are in hand.

NORTHWEST ASSEMBLY.

REGINA, August 20.

SATURDAY.

A message from the lieutenant-governor was read assenting to the introduction of a proposition regarding aid to hospitals.

The school bill was again considered in committee of the whole and nearly all the clauses were agreed to with slight amendments. There was a great deal of desultory discussion similar to last night's discussion. The main features of Mowat's propositions have been agreed to by good majorities and will no doubt, become law. Prince, on behalf of the French speaking people, declared himself satisfied with Mowat's proposition to permit a primary course to be taught in French in any school, and to permit French to be taught as a study in the higher standards.

Montreal Gazette: Canadian red fife wheat is making a name for itself in England, as is shown by a letter received at the C. P. R. head offices, from the jurors of seed wheat and flour exhibited at the International Milling and Baking exhibition in the Royal Agricultural Hall, London, England. Among the exhibits were samples of Canadian wheats, entered (but not for competition) by Sir Charles Tupper and Mr. Archer Baker, the European traffic agent of the C. P. R. The letter, which is signed by four of the most prominent millers in England, concludes as follows: "Had these samples been in the competition they would have secured the champion prize; as it is the champion prize was awarded to a Canadian grown red fife entered by the government of Manitoba."

Tuesday, 16th August, was the first day for the sale of lots in the new townsite, open only for Macleod residents. The sale was a total failure, not a lot being sold to Macleod citizens, who are standing firmly together on the platform laid down Saturday night. Another large meeting was held on August 17th, when correspondence from the postmaster here to the post-office authorities, urging that the postoffice he moved to the new townsite, was read by D. W. Davis, M. P. The postmaster is local agent for the C. & E. Railway Land Co. A mass meeting has been called for the 19th to take action in connection with this correspondence. The statement that the Hudson's Bay company have bought lots is correct.

A growing demand for Canadian cheese in Britain is a good sign. From Montreal the shipments, up to date, aggregate 640,000 boxes compared with 524,000 boxes during the same period last year, an increase of 116,000 boxes. No one doubts that we keep our hold upon the English market by reason of the excellent quality of the cheese. Why should it not be the same with eggs? Complaints come that some egg shippers are not as careful as they should be, a very short sighted policy which can only result in injury.

FRANK OLIVER, — PROPRIETOR.

EDMONTON BULLETIN, AUGUST 25, 1892.

BARLEY.

Hitherto barley has been the crop of last consideration in the Edmonton district, sure to give a return whether sown early or late, with a fluctuating and uncertain cash value; useful chiefly as food for stock, the crop has always been sown with less judgment and handled with less care than any other crop grown. At the same time the quality of the barley grown at Edmonton is probably second to none grown anywhere, and therefore owing to the large yield and sure return this should be one of the farmers most profitable crops; and would be if a cash market for it existed. There appears to be a fair prospect of a cash market for all the barley Edmonton farmers can spare during the coming winter; provided only that it can be brought to the market in proper condition, that is, clean and bright. The Calgary brewing and malting company are erecting a large establishment in that town, whose chief business, it is expected, will be to furnish malt to the breweries of British Columbia, who, at present, import from Manitoba, Ontario and California. The capacity of the establishment is so large that its output will only be limited by the quantity of its output that can be disposed of, which again will depend chiefly on the quality of the barley procurable. As Edmonton is the point nearest Calgary at which any large quantity of barley will be procurable it is to Edmonton that the Calgary men will first look for their supply; but if they cannot get grain there in the proper condition, they will be compelled to go where they can get it. The main thing is to not allow the barley to become colored or bleached by long exposure to any weather or by any exposure to bad weather. The point is to cut the barley as soon as it is ready and get it into properly built stacks as soon as it is fit. If bad weather occurs, or is likely to occur, while the barley is in stock the stocks should be capped, whereby four to six sheaves are protected at the expense of one. If the cap sheaves are badly discolored they should be stacked separately, and their grain kept for feed only. The whole matter is that, with the prospect of such a market, the barley crop should not be made to take the last place in the farmer's attention, but should be given at least as much care as is usually bestowed on wheat, with

the additional care necessary to avoid discoloring, to which wheat is not subject. Situated as we are, far from the eastern market, we should take every means of capturing and holding the local and western markets for ourselves.

\$500 REWARD.

The Municipality of the Town of Edmonton hereby offer a reward of \$500: for any information which will lead to the conviction of the person or persons who started any of the recent fires in the Town or who has lately attempted to set fire to any building in the Town, or of any person or persons who may in the future make any similar attempt or actually set fire to any building in the Municipality.

LEGISLATIVE ASSEMBLY.

Regina, August 16.

TUESDAY EVENING.

Mowat's school bill was considered in committee of the whole. The provision to prohibit clergymen from taking positions as superintendent of education, inspector or trustee was struck out on motion of Tweed. The single tax provision was discussed, and a number of members declared in favor of making that system permissive. The preliminary steps towards the organization of separate schools were made the same as in the case of public schools. Other minor amendments were made and good progress was made with the consideration of the bill.

REGINA, August 17.

WEDNESDAY.

The public accounts were laid on the table and will be printed in a few days.

The bill to incorporate the Roman Catholic bishop of Saskatchewan passed its third reading.

The resolution regarding school grants was considered in committee. The maximum grant to a minimum school was raised from 70 per cent. of \$372, as proposed in the resolution, to 70 per cent. of \$396, or \$33 a month, and the amount payable on account of pupils in advance of standard III was reduced from 70 per cent. of \$25 for each pupil in average attendance to 70 per cent. of \$22 for each such pupil. The resolution was carried without a division.

A formal amendment to the ferries ordinance passed.

The school bill was considered in committee during the rest of the afternoon and no radical amendments were made.

A motion by Haultain to give ten weeks holidays in the year was negatived.

REGINA, August 17.

WEDNESDAY EVENING.

The school bill was considered in committee and a large number of clauses passed, several on which controversy was expected been allowed to stand as there was a small house.

NORTHWEST ASSEMBLY.

REGINA, August 18.
THURSDAY.

After routine the school bill was again taken up in committee.

Clinkskill moved that the section providing that the executive committee should be the council of public instruction be amended by providing for the appointment, by the executive committee of four persons, two Protestants and two Roman Catholics, to sit and vote with the executive. He made the motion with a view to protecting Roman Catholic rights, as the bill at present did not.

Prince and Brett supported the amendment and Mowat, Haultain, Dill and Oliver opposed it on the ground that it destroyed the full executive responsibility of the executive, which the general interests of education demanded should be secured.

The amendment was lost.

Brett proposed an amendment whereby two Protestants and two Roman Catholics should be appointed as members of the council of public instruction, without vote, the members of the executive committee to constitute a quorum. This was carried without dissent.

Amendments were introduced which reduced the superintendent of education from the independent control provided in the bill to be directly under control of the council of public instruction so making the executive directly responsible to the assembly in all the educational matters.

The section providing for a uniform series of text books was amended to provide that the council of public instruction should authorize the text books used, the idea being to allow separate readers and histories to Catholic schools.

REGINA, August 19
FRIDAY.

The committee appointed to examine the claim of James Fuller and others as compensation for glanderized horses destroyed under Northwest ordinance, reported that Fuller's assertion of loss on account of neglect of government veterinary Creamer had not been proven and laid down the general principle that as glanders was an incurable disease from its earliest stages the loss of the owner occurred when the horse caught the disease, and that therefore the protective measures provided by the ordinance did not occasion loss and were not grounds for claims for compensation.

Bettis moved the second reading of a bill to amend the exemption ordinance by providing exemptions on the tools and stock of tradesmen should not exceed \$100. This was amended by providing that the exemption should include all the tools and \$100 worth of stock as well.

The school bill was taken up in committee, and at section 79, provided that all schools shall be taught in the English language, but that trustees may permit a primary course to be taught in French.

Prince moved in amendment that the corresponding section of the old ordinance be substituted, which did not provide regarding language except that a primary course in English must be taught. It was a great injustice to compel French schools to be taught in the English language as the grants were now payable on proficiency, and these children could not make equal progress in English with English schools. His view was supported by Cayley, Bettis, Mitchell, McKey, Betts—7. Nays: Myers, Page, Knowling, Reaman, Mowat, Dill, Brett, Haultain, Tweed, Neff, Oliver, Wilkins, Linham, Campbell, Jely—15.

Prince's motion was defeated on the following vote: Yes—Clinkskill, Cayley, Prince, Bouher, Mitchell, McKey, Betts—7. Nays: Myers, Page, Knowling, Reaman, Mowat, Dill, Brett, Haultain, Tweed, Neff, Oliver, Wilkins, Linham, Campbell, Jely—15.

The city of St. Petersburg is in a panic. A woman who was seized with cholera died on August 7th within a few hours, and all doubt has now disappeared that cholera has invaded the capital. The rich, who are able to get away, are flying to health resorts and merchants are closing their shops. The governor of the city has issued a proclamation begging the people to be quiet and giving directions as to preventive measures. The latest advices from Moscow that the panic is on the increase notwithstanding the efforts of the authorities to suppress any general evidence of the spread of cholera and of popular terror. The cholera is becoming more virulent at Novgorod, and people there blame Baranoff, the governor, for not taking better measures of prevention. Baranoff, in reply to popular criticisms, has increased the severity with which he punishes his critics. Two respectable citizens, by order of the governor, were publicly punished with 100 lashes of the knout for having spoken unfavorably regarding the sanitary arrangements made by Baranoff.

PRICE 12½ CENTS PER LB.

JOHN CAMERON.

EDMONTON PRODUCTS FOR THE EAST.

J. G. FitzGerald, of FitzGerald & Lucas, returned on Tuesday from St. Albert, after looking round that district, and reports the grain ready for cutting on most of the farms. He thinks that even if we had frost now that it would not hurt the grain, as it is too far ahead. Mr. FitzGerald has, on account of the C. P. R., employed several men to go round the country, Clover Bar, the Sturgeon and other settlements to collect grains, roots and vegetables to load up a car to be sent to the exhibitions in eastern Canada, and is confident this district can supply as good a specimen as any place in the Northwest or Canada. He has also sent out men to Cooking lake for grasses and ought to get a good sample from there, as there are hundreds of tons to choose from. The car is being loaded up to-day and will leave to-morrow morning for Calgary where it will be attached to the express for shipment to Kingston for exhibition about the 1st of September, then it will go to Toronto. Mayor McCauley went out yesterday and brought back some magnificent specimens.

ANOTHER SOUTH SIDE PETITION.

So the Editor of the BULLETIN,

SIR,—In regard to the letter in your issue of the 18th it does certainly seem strange that any one should have the audacity to circulate such a petition. If the old road referred to were opened up, who would it benefit? Nobody, and certainly not the petitioners, for a number of them never travelled the road and probably are never likely to travel it. When my neighbors and I came to this country—a good many years ago—that old trail was open, but it ran through a tract of land unsettled. For the first few years we did not require the land through which the trail ran so left it alone; but now we require that land, as we are improving our farms each year by plowing up more land for grain, and should this road be opened up again it would incur dozens of farmers to run two fences right across the middle of their farms, besides loosing the ground occupied by such a senseless road and other inconveniences. Such a road would not save expense in bridging the creeks, as the bridges across the creeks on the old trails are unsafe and one has not been travelled for nearly a year on account of its being dangerous; besides there have been two bridges built over the Old Man's creek and one over Point la Pie lately on the proper road allowances. If those living in South Edmonton are anxious that we should come to their village let them build or get built a road on the proper road allowance and not through our farms. We are not so anxious to see them that we would allow our farms to be cut up for the pleasure (?) of seeing them. "J. C." suggests that the petitioners subscribe a few dollars to put the road in the proper place, which is a good suggestion; but I fear to judge from their petition that they are more anxious to take a few dollars out of our pockets to benefit no one.

Part of that old trail was shut up five years ago.

Yours truly,

A FARMER.

Clover Bar, 23rd August, 1892.
